

Programme Equine Thursday 16 April 2020

Ophthalmology

Reconstructive surgery and orbital trauma

9.30-10.15

Thomas Launois (FR)
 Ultrasonography of the equine eye
 Stefanie Veraa (NL)

Coffee break

Equine recurrent uveitis: Intravitreal gentamicin injections, how to
 and when to?

10.45-11.30

Thomas Launois (FR)

10 min changeover

An update on equine recurrent uveitis

11.40-12.25

Thomas Launois (FR)
 Eyelid surgery
 Thomas Launois (FR)

Lunch break

Wound Management

Debridement, tension release, and immobilisation; the holy triad of
 primary intention wound healing

14.00-14.45

Dylan Gorvy (SE)

10 min changeover

Pinch and punch grafts – when and how?

14.55-15.40

Holes in the head: The challenge of sinocutaneous fistulae

Dylan Gorvy (SE)

Coffee break

16.10-16.55

Wetlab: Wound management
 Dylan Gorvy (SE)

17.05-17.50

Wetlab: Wound management
 Dylan Gorvy (SE)

Abstract presentations

Short communications (BEVA Award and EFO Award)

Coffee break

Short communications (BEVA Award and EFO Award)

10 min changeover

Short communications (BEVA Award and EFO Award)

Lunch break

Internal medicine: Gastrointestinal and imaging

Liver disease

Andy Durham (GB)

10 min changeover

Ultrasound guided biopsy techniques

Virginia Reef (US)

Scanning the foal: A practical guide (practical abdominal scanning)

Virginia Reef (US)

10 min changeover

Nutrition and gastrointestinal diseases

Andy Durham (GB)

10 min changeover

Interactive ultrasound case session on FLASH abdominal scanning
 for horses

Virginia Reef (US)

Programme Equine Friday 17 April 2020

Internal Medicine: Cardiology			All round practical challenges		
9.30-10.15	Recommendations for management of equine athletes with cardiovascular abnormalities (ACVIM/ECEIM Consensus statement) Virginia Reef (US)		9.00-9.45		
	Coffee break		Coffee break
